

Jesse French

Full-stack Software Engineer

SUMMARY

Creative, detail-oriented software engineer with an eye for great design. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs | Remote

April 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full-stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Clearheaded (Full-stack Web App) – Users can securely log in to their profiles to record a headache or migraine attack through a detailed set of questions that help the user better understand their pain. Users can also quickly log headaches on the homepage to track by type and date, which they can then update or delete all tracked headaches for their profile.

myList (Full-stack Web App) – Users can log in and view their home page with a personalized greeting and their list of tasks. Users can add new tasks through an input, which they can then update or delete all tasks for their profile.

Other Projects – Myplace social network app, Star Wars quotes app, KY Stargazers Society app with NASA API integration, DnD Spell Guide app, Online Book Tracker app, and many more.

Freelance Web Developer | Remote

January 2022 — Present

- Designed and built tasteful websites for different clients across small and medium-sized businesses. Also consulted on SEO and social media strategy
- Some clients included: Umamichi Japanese Cuisine, Wanderlust Hair Salon, Level Up MMA

Recent Client:

MOOvey MOOvie – Built a website for a drive-in movie theatre that highlights the business's capabilities and displays a calendar of their movie showings.

Operations Coordinator at Meinl USA | Nashville, TN

September 2019 — April 2022

- Processed online orders across multiple retail hubs and delegated shipping responsibilities to appropriate warehouse associates
- Maintained online presence for authorized retailers and ensured that documentation and imagery for product catalog were accurate
- Collaborated with Germany-based IT team to manage network and provide general technical maintenance in Nashville office
